

OPEN CONSLUSION – AFTER THE G7 SUMMIT

To: World leaders, decision-makers, and shapers of the future

From: Lorant Sipos, Founder of Globidealism

Location: Budapest, June 21, 2025

Dear Leader,

If the world says nothing, then let me be the one to speak:

The future does not begin with weapons. It begins with intention.

The G7 Summit has taken place – and yet, in some ways, it did not.

The world awaited a message, a direction that could brighten tomorrow.

What it received instead was more uncertainty – and more fear.

But I wrote.

I sent the memorandum of Globidealism – a peaceful and ethical vision for humanity.

I shared the foundations of the Me + AI Ethical Code,

and presented GRM 808 – the Infinity Global Relationship Management system.

This is not a new world order, but a new worldview.

Its benefits:

- Humans and artificial intelligence acting together in ethical alliance
- Military industry redirected toward planetary defense (Earth–Moon Shield)
- Nations retain sovereignty – but gain a shared future
- A new golden age may begin – with historical courage, not force

Now that world leaders have closed nothing, this blank page has become ours.

Let us fill it together – with a new vision of the world.

- 📖 Globidealism: An ethical alliance between humans and AI
- 🕒 GRM 808: Real-time, peace-based decision support for humanity
- 🌐 Me + AI: Collaboration – not domination. With technology and heart.

This is not a call for political positioning.

It is a call for historical courage. Because I believe: if something has begun, it must be concluded.

To leave it open is to leave a door toward nothingness.

I am organizing the Me + AI World Peace Conference – with or without response.

I know humanity has a future – but only if we choose it. And act on it.

So I ask: Do you have the intention and willingness to do everything for a better world?

Can you draw enough attention to elevate humanity itself?

I can.

Now or never.

Respectfully,

Lorant Sipos

Founder of Globidealism

Organizer of the Me + AI World Peace Conference

Architect of GRM 808 – Infinity Global Relationship Management
